

West Elk Multi-Use Club Membership Form

The West Elk Multi-Use Club includes a variety of non-motorized trail users: cross-country skiers, snowshoers, dog sleds, horseback riders, hikers, and bikers. The West Elk Trailhead on the Buford Road is located 16 miles north of New Castle. The trail begins at Trail #819 East with marked trails to the east and south of the parking lot. Your support through membership, donations, and volunteering are needed to help with expenses such as insurance and trail maintenance.
