Title 12 STREETS, SIDEWALKS AND PUBLIC PLACES

Chapter 12.08 WORK ON STREETS AND SIDEWALKS

12.08.010 Permission required--Restoration by town.

12.08.020 Light and safety requirement.

12.08.010 Permission required--Restoration by town.

A. No person shall: (1) Make any excavation, drain or ditch in, or (2) lay, construct or place any culvert, pipe, rock, gravel, fill dirt, or other thing or item in, or (3) injure, encroach upon, obstruct, tear up, or affect in any other manner, any pavement, sidewalk, ditch, drainage way, street, alley, or other public way or any easement or right-of-way dedicated to the use of the public or designated for public use, without first, in each and every instance, having obtained written permission from the town and having complied with all other applicable ordinances of the town pertaining thereto.

B. Upon the town's determination that a person is violating, or attempting to violate, the provisions of subsection A of this section, the town has the right to remove or cause to be removed forthwith from, and to restore or cause to be restored to its prior condition, any pavement, sidewalk, ditch, drainage way, street, alley or other public way or any easement or right-of-way dedicated to the use of the public or designated for public use, any culvert, pipe, rock, gravel, fill dirt, or other thing or item laid, constructed or placed in, or obstructing, encroaching upon, or affecting in any manner, any of such areas. Prior to such removal and restoration, the town shall attempt to notify by the most expedient means possible, the person causing or responsible for such condition existing in contravention of this section, in order that such person may expeditiously and without delay carry out such removal and restoration. Failure to actually notify such person shall not prevent the town from effecting such removal and restoration. The person or persons so causing or responsible for such condition existing in contravention of this section shall pay upon demand of the town all costs incurred by the town, including legal expenses and attorney's fees, in effecting such removal and restoration and in enforcing the provisions hereof. (Ord. 5, Series of 1983 § 1)

12.08.020 Light and safety requirement.

No town officer or employee, no contractor, and no other person shall make any excavation, nor dig any hole, drain or ditch in any highway, street, alley, sidewalk or thoroughfare in this town without providing during the night sufficient lights, and at all times a temporary fence or suitable obstruction around or in front of the same, in order to prevent persons, animals or vehicles from falling into the same. (Ord. 18, Series of 1980 § II (part): Gen. Ords. Art. XI § 24, 1936)
